

## **Welcome to the PIA for FY 2010!**

Congress passed the E-Government Act of 2002 to encourage the use of Web-based Internet applications or other information technology by Government agencies, with the intention of enhancing access to government information and services and increasing the effectiveness, efficiency, and quality of government operations.

To combat public concerns regarding the disclosure of private information, the E-Government Act mandated various measures, including the requirement that Federal agencies conduct a Privacy Impact Assessment (PIA) for projects with information technology systems that collect, maintain, and/or disseminate "personally identifiable information" of the public. Personally identifiable information, or "personal information," is information that may be used to identify a specific person.

The Privacy Act and VA policy require that personally identifiable information only be used for the purpose(s) for which it was collected, unless consent (opt-in) is granted. Individuals must be provided an opportunity to provide consent for any secondary use of information, such as use of collected information for marketing.

### **Directions:**

VA 6508 is the directive which outlines the PIA requirement for every System/Application/Program. More information can be found by reading VA 6508.

If you find that you can't click on checkboxes, make sure that you are: 1) Not in "design mode" and 2) you have enabled macros.

PIA Website: <http://vawww.privacy.va.gov/PIA.asp>

### **Roles and Responsibilities:**

Roles and responsibilities for the specific process are clearly defined for all levels of staff in the Privacy Impact Assessment Handbook 6508.1 referenced in the procedure section of this document.

- a. The Privacy Officer is responsible for the overall coordination and review of the PIA to ensure compliance with VA Handbook 6508.1.
- b. Records Officer is responsible for supplying records retention and deletion schedules.
- c. Information Technology (IT) staff responsible for the privacy of the system data will perform a PIA in accordance with VA Handbook 6508.1 and to immediately report all anomalies to the Privacy Service and appropriate management chain.
- d. Information Security Officer (ISO) is responsible for assisting the Privacy Officer and providing information regarding security controls.
- e. The CIO is responsible for ensuring that the systems under his or her jurisdiction undergo a PIA. This responsibility includes identifying the IT systems; coordinating with the Privacy Officer, Information Security Officer, and others who have concerns about privacy and security issues; and

systems, coordinating with the Privacy Officer, Information Security Officer, and others who have concerns about privacy and security issues, and reviewing and approving the PIA before submission to the Privacy Service.

**Definition of PII (Personally Identifiable Information)**

Information in identifiable form that is collected and stored in the system that either directly identifies an individual by name, address, social security number, telephone number, e-mail address, biometric identifiers, photograph, or other unique numbers, codes or characteristics or combined, indirectly identify an individual such as a combination of gender, race, birth date, geographical indicators, license number is also considered PII.

**Macros Must Be Enabled on This Form**

To enable macros, go to: 1) Tools > Macros > Security - Set to Medium; 2) Click OK; 3) Close the file and when reopening click on Enable Macros at the prompt.

## (FY 2010) PIA: System Identification

---

Program or System Name: VA > RDPC > Region 4 >  
Philadelphia - VMS

OMB Unique System / Application / Program Identifier (AKA: UPID #): 029-00-01-11-01-1180-00

Description of System / Application / Program: The VistA system is designed to operate as a fully integrated clinical and administrative information source. It processes clinical information, information covered by the Privacy Act & Health Insurance Portability and Accountability Act (HIPAA), Protected Health Information (PHI)/ Electronic Protected Health Information (ePHI), financial records, and all other data necessary to run a tertiary medical center.

---

Facility Name: R4 Regional Data Centers

Other Titles:			

Other Titles:

Other Titles:

Date of Last PIA Approved by VACO Privacy Services: (MM/YYYY)	Initial PIA July 2009 submitted but not approved
Date Approval To Operate Expires:	Initial C&A

---

What specific legal authorities authorize this program or system:	Title 38, United States Code, section 7301(a).
-------------------------------------------------------------------	------------------------------------------------

What is the expected number of individuals that will have their PII stored in this system:	999,384
--------------------------------------------------------------------------------------------	---------

Identify what stage the System / Application / Program is at:	Operations/Maintenance
---------------------------------------------------------------	------------------------

The approximate date (MM/YYYY) the system will be operational (if in the Design or Development stage), or the approximate number of years the system/application/program has been in operation.	Approximately 30 years.
-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-------------------------

Is there an authorized change control process which documents any changes to existing applications or systems?	Yes
----------------------------------------------------------------------------------------------------------------	-----

If No, please explain:

Has a PIA been completed within the last three years?	No
-------------------------------------------------------	----

---

Date of Report (MM/YYYY):	06/2010
---------------------------	---------

**Please check the appropriate boxes and continue to the next TAB and complete the remaining questions on this form.**

Have any changes been made to the system since the last PIA?

- Have any changes been made to the system since the last PIA?
- Is this a PIV system/application/program collecting PII data from Federal employees, contractors, or others performing work for the VA?
- Will this system/application/program retrieve information on the basis of name, unique identifier, symbol, or other PII data?
- Does this system/application/program collect, store or disseminate PII/PHI data?
- Does this system/application/program collect, store or disseminate the SSN?

**If there is no Personally Identifiable Information on your system , please skip to TAB 12. ( See Comment for Definition of PII)**

## (FY 2010) PIA: System of Records

Is the data maintained under one or more approved System(s) of Records?

Yes

if the answer above is no, please skip to row 16.

For each applicable System(s) of Records, list:

1. All System of Record Identifier(s) (number):

79VA19

2. Name of the System of Records:

VistA-VA

3. Location where the specific applicable System of Records Notice may be accessed (include the URL):

<http://vawww.vhaco.va.gov/privacy/SystemofRecords.htm>

Have you read, and will the application, system, or program comply with, all data management practices in the System of Records Notice(s)?

Yes

Does the System of Records Notice require modification or updating?

No

***(Please Select Yes/No)***

Is PII collected by paper methods?

No

All data col

Is PII collected by verbal methods?

No

This RDC st

Is PII collected by automated methods?

No

no collectir

Is a Privacy notice provided?

No

Proximity and Timing: Is the privacy notice provided at the time of data collection?

No

Purpose: Does the privacy notice describe the principal purpose(s) for which the information will be used?

No

Authority: Does the privacy notice specify the effects of providing information on a voluntary basis?

No

Disclosures: Does the privacy notice specify routine use(s) that may be made of the information?

No

(FY 2010) PIA: Notice

Please fill in each column for the data types selected.

Data Type	Collection Method	What will the subjects be told about the information collection?	How is this message conveyed to them?	How is a privacy notice provided?
Veteran or Primary Subject's Personal Contact Information (name, address, telephone, etc)		All data collection efforts occur at the individual facilities not the regional data center.		
Family Relation (spouse, children, parents, grandparents, etc)				
Service Information				
Medical Information				
Criminal Record Information				
Guardian Information				
Education Information				
Benefit Information				
Other (Explain)				

Data Type	Is Data Type Stored on your system?	Source (If requested, identify the specific file, entity and/or name of agency)	Is data collection Mandatory or Voluntary?	Additional Comments
Veteran or Primary Subject's Personal Contact Information (name, address, telephone, etc)	Yes	Veteran	Voluntary	
Family Relation (spouse, children, parents, grandparents, etc)	Yes	Veteran	Voluntary	
Service Information	Yes	Veteran	Voluntary	
Medical Information	Yes	Veteran	Voluntary	
Criminal Record Information	No			
Guardian Information	No			
Education Information	No			
Benefit Information	Yes			
Other (Explain)				
Other (Explain)				
Other (Explain)				

(FY 2010) PIA: Data Sharing

Organization	Name of Agency/Organization	Do they access this system?	Identify the type of Data Sharing and its purpose.	Is PII or PHI Shared?	What is the procedure you reference for the release of information?
Internal Sharing: VA Organization	VA facilities listed in tab 8	Yes	Store their collected data	Both PII & PHI	Agreements setup to store their collected data
Other Veteran Organization					
Other Federal Government Agency					
State Government Agency					
Local Government Agency					
Research Entity					
Other Project / System					
Other Project / System					
Other Project / System					

(FY 2010) PIA: Access to Records

Does the system gather information from another system? No  
 Please enter the name of the system:

Per responses in Tab 4, does the system gather information from an individual? No  
 If information is gathered from an individual, is the information provided:  
 Through a Written Request  
 Submitted in Person  
 Online via Electronic Form

Is there a contingency plan in place to process information when the system is down? Yes

(FY 2010) PIA: Secondary Use

Will PII data be included with any secondary use request? No  
 Drug/Alcohol Counseling     Mental Health     HIV  
 if yes, please check all that apply:  Research     Sickle Cell     Other (Please Explain)

Describe process for authorizing access to this data.

Answer:

---

**(FY 2010) PIA: Program Level Questions**

Does this PIA form contain any sensitive information that could cause harm to the Department of Veterans Affairs or any party if disclosed to the public? No

If Yes, Please Specify:

Explain how collected data are limited to required elements:

Answer: Performed at the facility

How is data checked for completeness?

Answer: Performed at the facility

What steps or procedures are taken to ensure the data remains current and not out of date?

Answer: Performed at the facility

How is new data verified for relevance, authenticity and accuracy?

Answer: Performed at the facility

*Additional Information: (Provide any necessary clarifying information or additional explanation for this section.)*

Answer:

**(FY 2010) PIA: Retention & Disposal**

What is the data retention period?

Answer: 75 years after death of patient

Explain why the information is needed for the indicated retention period?

Answer: based upon medical laws

What are the procedures for eliminating data at the end of the retention period?

Answer: erased or shredded

Where are these procedures documented?

Answer: VHA retention schedule

How are data retention procedures enforced?

Answer: through policies

Has the retention schedule been approved by the National Archives and Records Administration (NARA)

Yes

*Additional Information: (Provide any necessary clarifying information or additional explanation for this section.)*

Answer:

**(FY 2010) PIA: Children's Online Privacy Protection Act (COPPA)**

Will information be collected through the internet from children under age 13? No

If Yes, How will parental or guardian approval be obtained?

Answer:

(FY 2010) PIA: Security

[Redacted]

Is the system/application/program following IT security Requirements and procedures required by federal law and Has the system/application/program conducted a risk assessment. identified appropriate security controls to protect

Yes  
Yes

[Redacted]

Is security monitoring conducted on at least a quarterly basis to ensure that controls continue to work properly. safeguarding Is security testing conducted on at least a quarterly basis to ensure that controls continue to work properly. safeguarding Are performance evaluations conducted on at least a quarterly basis to ensure that controls continue to work properly.

Yes  
Yes  
Yes            yes

If 'No' to any of the 3 questions above, please describe why:

Answer:

[Redacted]

Is adequate physical security in place to protect against unauthorized access?

Yes

If 'No' please describe why:

Answer:

[Redacted]

Explain how the project meets IT security requirements and procedures required by federal law.

Answer: The Vista systems use the VMS OS and hardware located @ the Regional Data Centers and have been reviewed

[Redacted]

Explain what security risks were identified in the security assessment? (Check all that apply)

- Air Conditioning Failure
- Chemical/Biological Contamination
- Blackmail
- Bomb Threats
- Cold/Frost/Snow
- Communications Loss
- Computer Intrusion
- Data Destruction
- Data Disclosure
- Data Integrity Loss
- Denial of Service Attacks
- Earthquakes
- Eavesdropping/Interception
- Fire (False Alarm, Major, and Minor)
- Flooding/Water Damage
- Hardware Failure
- Malicious Code
- Computer Misuse
- Power Loss
- Sabotage/Terrorism
- Storms/Hurricanes
- Substance Abuse
- Theft of Assets
- Theft of Data
- Vandalism/Rioting
- Errors (Configuration and Data Entry)
- Burglary/Break In/Robbery
- Identity Theft
- Fraud/Embezzlement

Answer: (Other Risks)

Explain what security controls are being used to mitigate these risks. (Check all that apply)

- Risk Management
- Access Control
- Awareness and Training
- Contingency Planning
- Physical and Environmental Protection
- Personnel Security
- Certification and Accreditation Security Assessments
- Audit and Accountability
- Configuration Management
- Identification and Authentication
- Incident Response
- Media Protection

Answer: (Other Controls)

**PIA: PIA Assessment**

Identify what choices were made regarding the project/system or collection of information as a result of performing the PIA.

Answer: Correction action is taken as appropriate to the risk identified and the likelihood of exploitation.

Availability Assessment: If the data being collected is not available to process for any reason what will the potential

- The potential impact is **high** if the loss of availability could be expected
- The potential impact is **moderate** if the loss of availability could be expected to have a serious adverse effect on operations, assets or individuals.
- The potential impact is **low** if the loss of availability could be expected to have a limited adverse effect on operations, assets or individuals.

**Yes**

Integrity Assessment: If the data being collected has been corrupted for any reason what will the potential impact be

- The potential impact is **high** if the loss of availability could be expected
- The potential impact is **moderate** if the loss of availability could be expected to have a serious adverse effect on operations, assets or individuals.
- The potential impact is **low** if the loss of availability could be expected to have a limited adverse effect on operations, assets or individuals.

**Yes**

Confidentiality Assessment: If the data being collected has been shared with unauthorized individuals what will the

- The potential impact is **high** if the loss of availability could be expected
- The potential impact is **moderate** if the loss of availability could be expected to have a serious adverse effect on operations, assets or individuals.
- The potential impact is **low** if the loss of availability could be expected to have a limited adverse effect on operations, assets or individuals.

**Yes**

The controls are being considered for the project based on the selections from the previous assessments?

The minimum security requirements for our high impact system cover seventeen security-related areas with regard to protecting the confidentiality, integrity, and availability of VA information systems and the information processed, stored, and transmitted by those systems. The security-related areas include: access control; awareness and training; audit and accountability; certification, accreditation, and security assessments; configuration management; contingency planning; identification and authentication; incident response; maintenance; media protection; physical and environmental protection; planning; personnel security; risk assessment; systems and services acquisition; system and communications protection; and system and information integrity. Our facility employs all security controls in the respective high impact security control baseline unless specific exceptions have been allowed based on the tailoring guidance provided in NIST Special Publication 800-53 and specific VA directives.

yes

Yes

*Please add additional controls:*
