

Welcome to the PIA for FY 2011!

Congress passed the E-Government Act of 2002 to encourage the use of Web-based Internet applications or other information technology by Government agencies, with the intention of enhancing access to government information and services and increasing the effectiveness, efficiency, and quality of government operations.

To combat public concerns regarding the disclosure of private information, the E-Government Act mandated various measures, including the requirement that Federal agencies conduct a Privacy Impact Assessment (PIA) for projects with information technology systems that collect, maintain, and/or disseminate "personally identifiable information" of the public. Personally identifiable information, or "personal information," is information that may be used to identify a specific person.

The Privacy Act and VA policy require that personally identifiable information only be used for the purpose(s) for which it was collected, unless consent (opt-in) is granted. Individuals must be provided an opportunity to provide consent for any secondary use of information, such as use of collected information for marketing.

Directions:

VA 6508 is the directive which outlines the PIA requirement for every System/Application/Program.

If you find that you can't click on checkboxes, make sure that you are: 1) Not in "design mode" and 2) you have enabled macros.

PIA Website: http://vawww.privacy.va.gov/Privacy_Impact_Assessments.asp

Roles and Responsibilities:

Roles and responsibilities for the specific process are clearly defined for all levels of staff in the VA Directive 6508 referenced in the procedure section of this document.

- a. The Privacy Officer is responsible for the overall coordination and review of the PIA to ensure compliance with VA Directive 6508.
- b. Records Officer is responsible for supplying records retention and deletion schedules.
- c. Information Technology (IT) staff responsible for the privacy of the system data will perform a PIA in accordance with VA Directive 6508 and to immediately report all anomalies to the Privacy Service and appropriate management chain.
- d. Information Security Officer (ISO) is responsible for assisting the Privacy Officer and providing information regarding security controls.
- e. The CIO is responsible for ensuring that the systems under his or her jurisdiction undergo a PIA. This responsibility includes identifying the IT systems; coordinating with the Privacy Officer, Information Security Officer, and others who have concerns about privacy and security issues; and reviewing and approving the PIA before submission to the Privacy Service.

Definition of PII (Personally Identifiable Information)

Information in identifiable form that is collected and stored in the system that either directly identifies and individual by name, address, social security number, telephone number, e-mail address, biometric identifiers, photograph, or other unique numbers, codes or characteristics or combined, indirect identify an individual such as a combination of gender, race, birth date, geographical indicators, license number is also considered PII.

Macros Must Be Enabled on This Form

Microsoft Office 2003: To enable macros, go to: 1) Tools > Macros > Security - Set to Medium; 2) Click OK; 3) Close the file and when reopening click on Enable Macros at the prompt.

Microsoft Office 2007: To enable macros, go to: 1) Office Button > Prepare > Excel Options > Trust Center > Trust Center Settings > Macro Settings > Enable

All Macros; 2) Click OK

Final Signatures

Final Signatures are digitally signed or wet signatures on a case by case basis. All signatures should be done when all modifications have been approved by the VA Privacy Service and the reviewer has indicated that the signature is all that is necessary to obtain approval.

Privacy Impact Assessment Uploaded into SMART

Privacy Impact Assessments should be uploaded into C&A section of SMART.

All PIA Validation Letters should be emailed to christina.pettit@va.gov to received full credit for submission.

(FY 2011) PIA: System Identification

Program or System Name: Bidirectional Health Information Exchange (BHIE)
 OMB Unique System / Application / Program Identifier (AKA: UPID #): 029-00-01-11-01-1220-00-110-248

BHIE is an interagency clinical pgm, operating in direct support of the President's Management Agenda, Initiative #14. The BHIE project was created in response to the recommendations in Presidential Review Directive 5 in Aug. 1998. In that document, the Secretaries of Defense, H&HS, & Veterans Affairs were charged with improving the medical record keeping associated with future deployments of service members and the care of vets. In Dec. 2000, VA/VHA & DoD/MHS CIO's rescoped the project. The objective was to provide significant functionality sooner, accelerate receipt of benefits, & mitigate technology risks. DoD & VA have worked very closely on establishing the appropriate technical architecture to extract e-health information from the DoD CHCS and transmit this information to a secure shared BHIE repository. VA makes this clinically relevant data accessible to VA healthcare providers as part of the bereran's e-health record within the VistA health information system while adhering to the VHIM architecture.

Description of System/ Application/ Program:

Facility Name:

Title:	Name:	Phone:	Email:
Privacy Officer:	Dennis Stewart	202-461-7456	dennis.stewart2@va.gov
Information Security Officer:	Douglas C. Foster	909-583-6814	Douglas.Foster2@va.gov
System Owner/ Delegation of Authority	Andrew Carter	765-593-9034	Andrew.carter@va.gov
Other Titles:			
Other Titles:			
Person Completing Document:	Douglas C. Foster	909-583-6814	Douglas.Foster2@va.gov
Other Titles:			
Date of Last PIA Approved by VACO Privacy Services: (MM/YYYY)			new PIA
Date Approval To Operate Expires:			Expecting ATO 08/2011

What specific legal authorities authorize this program or system:

DoD through a DUA and the Presidential Review Directive # 5 , August 1998

What is the expected number of individuals that will have their PII stored in this system:

all enlisted and veteran personnel approx. 2 million

Identify what stage the System / Application / Program is at:

Operations/Maintenance

The approximate date (MM/YYYY) the system will be operational (if in the Design or Development stage), or the approximate number of years the system/application/program has been in operation.

05/2002

Is there an authorized change control process which documents any changes to existing applications or systems?

Yes

If No, please explain:
 2. System Identification

Has a PIA been completed within the last three years?

Yes

Date of Report (MM/YYYY):

06/2011

Please check the appropriate boxes and continue to the next TAB and complete the remaining questions on this form.

- Have any changes been made to the system since the last PIA?
- Is this a PIV system/application/program collecting PII data from Federal employees, contractors, or others performing work for the VA?
- Will this system/application/program retrieve information on the basis of name, unique identifier, symbol, or other PII data?
- Does this system/application/program collect, store or disseminate PII/PHI data?
- Does this system/application/program collect, store or disseminate the SSN?

If there is no Personally Identifiable Information on your system , please complete TAB 2 & TAB 12. (See Comment for Definition of PII)

(FY 2011) PIA: System of Records

Is the data maintained under one or more approved System(s) of Records? If the answer above no, please skip to row 15.

Yes

For each applicable System(s) of Records, list:

1. All System of Record Identifier(s) (number):

24VA19 Patient Medical Records

BHIE is part of the already covered VHA system of records, "Patient Medical Records - VA" (24VA19), under overall control of the VHA Office of Information (19).

2. Name of the System of Records:

3. Location where the specific applicable System of Records Notice may be accessed (include the URL):

<http://vaww.vhaco.va.gov/privacy/SystemofRecords.htm>

Have you read, and will the application, system, or program comply with, all data management practices in the System of Records Notice(s)?

Yes

Does the System of Records Notice require modification or updating?

Yes

(Please Select Yes/No)

Is PII collected by paper methods?

No

Is PII collected by verbal methods?

No

Is PII collected by automated methods?

Yes

Is a Privacy notice provided?

No

Proximity and Timing: Is the privacy notice provided at the time of data collection?

Yes

Purpose: Does the privacy notice describe the principal purpose(s) for which the information will be used?

Yes

Authority: Does the privacy notice specify the effects of providing information on a voluntary basis?

Yes

Disclosures: Does the privacy notice specify routine use(s) that may be made of the information?

Yes

(FY 2011) PIA: Notice

Please fill in each column for the data types selected.

Data Type	Collection Method	What will the subjects be told about the information collection?	How is this message conveyed to them?	How is a privacy notice provided?
Veteran or Primary Subject's Personal Contact Information (name, address, telephone, etc)	Electronic/File Transfer	BHIE is a pass through system which does not provide any information to the perspective patient. All information provided to the patient is provided by the respective DoD or VA system where this information is pulled from.		
Family Relation (spouse, children, parents, grandparents, etc)	N/A			
Service Information	Electronic/File Transfer	BHIE is a pass through system which does not provide any information to the perspective patient. All information provided to the patient is provided by the respective DoD or VA system where this information is pulled from.		
Medical Information	Electronic/File Transfer	BHIE is a pass through system which does not provide any information to the perspective patient. All information provided to the patient is provided by the respective DoD or VA system where this information is pulled from.		
Criminal Record Information				
Guardian Information	N/A			
Education Information	N/A			

Benefit Information

Electronic/File Transfer

BHIE is a pass through system which does not provide any information to the perspective patient. All information provided to the patient is provided by the respective DoD or VA system where this information is pulled from.

Other (Explain)

Data Type	Is Data Type Stored on your system?	Source (If requested, identify the specific file, entity and/or name of agency)	Is data collection Mandatory or Voluntary?	Additional Comments
Veteran or Primary Subject's Personal Contact Information (name, address, telephone, etc)	No			
Family Relation (spouse, children, parents, grandparents, etc)	No			
Service Information	No			
Medical Information	No			
Criminal Record Information	No			
Guardian Information	No			
Education Information	No			
Benefit Information	No			
Other (Explain)				
Other (Explain)				
Other (Explain)				

(FY 2011) PIA: Data Sharing

Organization	Name of Agency/Organization	Do they access this system?	Identify the type of Data Sharing and its purpose.	Is PII or PHI Shared?	What is the procedure you reference for the release of information?
Internal Sharing: VA Organization		Yes	Patient medical records	Both PII & PHI	authorized medical providers only
Other Veteran Organization		Yes	Patient medical records	Both PII & PHI	authorized medical providers only
Other Federal Government Agency	DoD Composite Health Care System (CHCS)	Yes	Patient medical records	Both PII & PHI	authorized medical providers only
State Government Agency		No			
Local Government Agency		No			
Research Entity		No			
Other Project / System					
Other Project / System					
Other Project / System					

(FY 2011) PIA: Access to Records

Does the system gather information from another system?		Yes
Please enter the name of the system:	VISTA, CHCS	
Per responses in Tab 4, does the system gather information from an individual?		No
If information is gathered from an individual, is the information provided:	<input type="checkbox"/> Through a Written Request <input type="checkbox"/> Submitted in Person <input type="checkbox"/> Online via Electronic Form	
Is there a contingency plan in place to process information when the system is down?		Yes

(FY 2011) PIA: Secondary Use

Will PII data be included with any secondary use request?		No
if yes, please check all that apply:	<input type="checkbox"/> Drug/Alcohol Counseling <input type="checkbox"/> Mental Health <input type="checkbox"/> HIV <input type="checkbox"/> Research <input type="checkbox"/> Sickle Cell <input type="checkbox"/> Other (Please Explain)	

Describe process for authorizing access to this data.

Answer: Access to data is provided by VISTA for the VA and CHCS for DoD.

(FY 2011) PIA: Program Level Questions

Does this PIA form contain any sensitive information that could cause harm to the Department of Veterans Affairs or any party if disclosed to the public?

No

If Yes, Please Specify:

Explain how collected data are limited to required elements:

Answer: The appropriate system collecting the data provides for checks limiting data to the required fields.

How is data checked for completeness?

Answer: These procedures are handled by VISTA and CHCS

What steps or procedures are taken to ensure the data remains current and not out of date?

Answer: These procedures are handled by VISTA and CHCS

How is new data verified for relevance, authenticity and accuracy?

Answer: These procedures are handled by VISTA and CHCS

Additional Information: (Provide any necessary clarifying information or additional explanation for this section.)

Answer: BHIE is a pass through system and does not maintain information.

(FY 2011) PIA: Retention & Disposal

What is the data retention period? **N/A BHIE is a pass through system data is not retained on the system.**

Answer: Each system that contains the actual records follows the appropriate NARA retention periods as specified by their appropriate agencies.

Explain why the information is needed for the indicated retention period?

Answer: These procedures are handled by VISTA and CHCS

What are the procedures for eliminating data at the end of the retention period?

Answer: These procedures are handled by VISTA and CHCS

Where are these procedures documented?

Answer: These procedures are handled by VISTA and CHCS

How are data retention procedures enforced?

Answer: These procedures are handled by VISTA and CHCS

Has the retention schedule been approved by the National Archives and Records Administration (NARA)

Yes

Additional Information: (Provide any necessary clarifying information or additional explanation for this section.)

Answer:

(FY 2011) PIA: Children's Online Privacy Protection Act (COPPA)

Will information be collected through the internet from children under age 13?

No

If Yes, How will parental or guardian approval be obtained?

6. Program LVL Questions

Answer:

(FY 2011) PIA: Security

Is the system/application/program following IT security Requirements and procedures required by federal law and policy to ensure that information is appropriately secured. Yes

Has the system/application/program conducted a risk assessment, identified appropriate security controls to protect against that risk, and implemented those controls.. Yes

Is security monitoring conducted on at least a quarterly basis to ensure that controls continue to work properly, safeguarding the information? Yes

Is security testing conducted on at least a quarterly basis to ensure that controls continue to work properly, safeguarding the information? Yes

Are performance evaluations conducted on at least a quarterly basis to ensure that controls continue to work properly, safeguarding the information? Yes

If 'No' to any of the 3 questions above, please describe why:

Answer:

Is adequate physical security in place to protect against unauthorized access? Yes

If 'No' please describe why:

Answer: Physical Security is provided by site support staff, however BHIE support team ensures compliance with site requirements.

Explain how the project meets IT security requirements and procedures required by federal law.

Answer: BHIE implements all VA Directive and Handbook 6500, as well as a set of controls that map to DoD guidelines.

Explain what security risks were identified in the security assessment? *(Check all that apply)*

Answer: (Other Controls)

PIA: PIA Assessment

Identify what choices were made regarding the project/system or collection of information as a result of performing the PIA.

Answer: None. BHIE does not collect information. It is a pass through system.

Availability Assessment: If the data being collected is not available to process for any reason what will the potential impact be upon the system or organization?
(Choose One)

- | | |
|-------------------------------------|---|
| <input type="checkbox"/> | The potential impact is high if the loss of availability could be expected to have a severe or catastrophic adverse effect on operations, assets or individuals. |
| <input type="checkbox"/> | The potential impact is moderate if the loss of availability could be expected to have a serious adverse effect on operations, assets or individuals. |
| <input checked="" type="checkbox"/> | The potential impact is low if the loss of availability could be expected to have a limited adverse effect on operations, assets or individuals. |

Integrity Assessment: If the data being collected has been corrupted for any reason what will the potential impact be upon the system or organization?
(Choose One)

- | | |
|-------------------------------------|--|
| <input checked="" type="checkbox"/> | The potential impact is high if the loss of integrity could be expected to have a severe or catastrophic adverse effect on operations, assets or individuals. |
| <input type="checkbox"/> | The potential impact is moderate if the loss of integrity could be expected to have a serious adverse effect on operations, assets or individuals. |
| <input type="checkbox"/> | The potential impact is low if the loss of integrity could be expected to have a limited adverse effect on operations, assets or individuals. |

Confidentiality Assessment: If the data being collected has been shared with unauthorized individuals what will the potential impact be upon the system or organization?
(Choose One)

- | | |
|-------------------------------------|--|
| <input type="checkbox"/> | The potential impact is high if the loss of confidentiality could be expected to have a severe or catastrophic adverse effect on operations, assets or individuals. |
| <input checked="" type="checkbox"/> | The potential impact is moderate if the loss of confidentiality could be expected to have a serious adverse effect on operations, assets or individuals. |
| <input type="checkbox"/> | The potential impact is low if the loss of confidentiality could be expected to have a limited adverse effect on operations, assets or individuals. |

The controls are being considered for the project based on the selections from the previous assessments?

The minimum security requirements for our high impact system cover seventeen security-related areas with regard to protecting the confidentiality, integrity, and availability of VA information systems and the information processed, stored, and transmitted by those systems. The security-related areas include: access control; awareness and training; audit and accountability; certification, accreditation, and security assessments; configuration management; contingency planning; identification and authentication; incident response; maintenance; media protection; physical and environmental protection; planning; personnel security; risk assessment; systems and services acquisition; system and communications protection; and system and information integrity. Our facility employs all security controls in the respective high impact security control baseline unless specific exceptions have been allowed based on the tailoring guidance provided in NIST Special Publication 800-53 and specific VA directives.

Please add additional controls:

(FY 2011) PIA: Additional Comments

Add any additional comments or information that may have been left out for any question. Please indicate the question you are responding to and then add your comments.
